

The American Cafe With An Italian Accent.

25 June 1995

Dear Perspective Employer:

It is with a great deal of pride that I write a letter of recommendation for Patrick Lowenthal.

He has been a valued employee of Ruby Tuesday, Inc.'s, Mozzarella's Café since September 1995 and has worked in numerous capacities since he started; with the same consistently high level of enthusiasm, integrity and team leadership.

Patrick exemplifies quality, dedication and tenacity and would be an asset to any organization fortunate enough to offer him an opportunity. He will be missed immensely from my operation and will always have a home here.

If I may be of further assistance, please do not hesitate to call me.

Sincerely,

A handwritten signature in blue ink that reads "Tracy L. Baker". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
